

**NATIONAL THEATER**

Direction (Phone 2873) Phil J. Byrne

**THE LAST FOUR NIGHTS  
Of Honolulu's Home of Happiness  
BE LOYAL TO THE OLD PLAYHOUSE**

Into that limbo from whence no playhouse returns the National Theater will pass after Saturday night next (July 1). We hope however, that it will leave pleasant memories of the happy evenings spent within its walls—the faces seen upon its screen, the gay songs and merry jests heard from the actors upon its stage.

Our last four nights, and we offer you the following program hitherto unexcelled within its four walls.

**TODAY AT 2:30****The Big 4 Vitaphone Feature****My Lady's Slipper**

and the animal act that is creating a positive furore,  
**Biz, Casey and Trickie**

Two Charming Chimpanzees and a Delightful Dog  
**TONIGHT AT 7:45**

The above program and

**HARRY DE COE**

"A fool there was and he made his prayer  
(Even as you and I),  
As he balanced himself in a "property" chair  
On a stack of tables high in the air.

Watchin, we wondered why he did not care,  
Then remembered the reason for his dare—  
He was earning money in a manner fair  
(Even as you and I)."  
—Abject apologies to Kipling.

**Bob Cook & Dot Oatman**

"A boy and a girl. Two blondes at that. If you don't think we're clever come, see our act."

**EVENING PRICES—20, 30 Cents. RESERVED—50c**  
Avoid disappointment by phoning 2873 for reservations.

**RUNNING COSTS  
HAVE ATTENTION  
OF SUPERVISORS****Board Considers Budget and  
Decides to Grant Some of  
Increases Asked**

Three departments of the city government succeeded in having new items inserted in the budget for the coming half year at last night's meeting of the supervisors. Others which had been hopeful of increases were disappointed. The few increases made were smaller than anticipated.

Supervisor Hollinger secured \$700 for the purchase of Liliuokalani Gardens, the park on the banks of Nuanu stream which has been offered to the city by the civic federation for that amount. It cost the federation \$12,000, Hollinger said, and the \$700 asked for it represents the one note of the purchase price left outstanding.

An appropriation of \$600 for the salary of an attendant for the emergency hospital went through. Of the \$100 salary \$15 a month is to be taken from the regular revenue of the police department.

The city attorney secured \$175 for office equipment. He asked \$1500, but Supervisor Hatch said that the present is no time for the city to buy a law library and the attorney would have to be content with a new typewriter and other miscellaneous equipment. A request for an increase of salary for the second deputy from \$235 to \$260 a month was refused.

The word "extradition" was cut from the \$500 fund (\$1000 was asked) for "extradition and criminal investigation." Supervisor Logan said that the territory should do its own extraditing. The city spent more than \$500 in bringing a Filipino back from the coast this spring, as the attorney-general said it was a municipal and not a territorial expense. The supervisors have resented that and now have made such an incident impossible by providing no funds for extradition.

**Engineer's Salary Raised.**

Supervisor Arnold succeeded in having the city engineer's salary raised from \$225 to \$250 a month, after an effort to secure \$300 for him. He said that the usual salary of the office, \$300, had been promised Collins when he took the office last January, but the board paid no heed to him until he came down to \$250.

A request for a raise to \$200 each of two assistant engineers and then \$200 for one and \$175 for the other failed. So did an effort to get a \$25 raise for the superintendent of the electric light plant, who now is paid \$200 and quarters.

The police and fire department payrolls went through as last year.

The item of \$2400 for 3000 feet of fire hose, tentatively inserted Monday night, was passed over last night.

After a few minutes of discussion this evening the board will probably adopt the financial program as it stands and order it advertised. Meeting is prolonged.

A fifteen-minute recess was called after the regular business of the evening was over to give the finance committee an opportunity to discuss several items of the budget, but the recess stretched itself into an hour, and then an hour and a half. One after another the heads of various committees and of different departments were called before the committee meeting in the mayor's office and questioned. Finally everyone came into the corridor and then the meeting was called to order. But it was soon evident that there had been no caucus, for there was no agreement on any one item of the budget. Votes of 4 to 3 often killed or carried an item.

**CITY AFFAIRS AND  
SUPERVISOR NOTES**

Payrolls were passed. Informal discussion in committee rooms held up the meeting until after 8 o'clock.

Final award of the contract for the Manoa improvement project to F. R. Ritchie was made.

The board will meet again at 5:30 o'clock this afternoon.

It was 11:20 before the meeting adjourned last night.

Supervisor Arnold thought suspension of the rules allowed him to take off his coat when he became warm but the mayor rebuffed him.

As there were no protests against carrying out the improvement project, the public hearing on King street extension was declared closed last night and the engineers instructed to prepare the details necessary for the call for bids, or award of the contract.

A petition signed by 83 property owners of Puunui asking that the Circle Drive plan for an outlet to the district be put through was read.

After regular business was disposed of and when it came time to consider the budget, rules were suspended.

"That means we can swear now," said Bill Larsen, but he didn't try it.

J. K. Paele, a member of the first board of supervisors of Oahu, addressed the board in Hawaiian on the necessity of a mauka outlet for Puunui, urging Circle Drive. Supervisor Arnold translated.

Formal demand that work be started on the Lualaba improvement project was made of the Lord-Young Engineering Company, the contractors.

**'ANURIC'**

The Latest Discovery In Medicine.

**WHY SUFFER FROM BACKACHE, LUMBAGO, RHEUMATISM**

It is now asserted with confidence that these painful effects due to uric acid in the system are entirely eradicated. A remedy, called "ANURIC," has been discovered by Dr. Pierce in his hospital practice, which he believes is thirty-seven times more potent than lithia, and is the cause of a drainage outward of the uric acid with which it comes in contact within the body. It will ward off backache, headache, and the darting pains and aches of articular or muscular rheumatism—of those diseases which are caused by too much uric acid, such as gout, asthma, sciatica, or sore, stiff, aching joints.

When the kidneys are weak or diseased, these natural filters do not cleanse the blood sufficiently, and the poisons are carried off to all parts of the body. There follow depression, aches and pains, heaviness, drowsiness, irritability. "ANURIC" prolongs life because old people usually suffer

from hardening and thickening of the walls of the arteries, due to the excess of uric acid in the blood and tissues.

Dr. Pierce, chief physician at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., has been testing this wonderful medicine for the relief of overworked and weakened kidneys. The relief obtained by sufferers has been so satisfactory that he determined to place "ANURIC" with the principal druggists in town where people could get this ready-to-use medicine.

"ANURIC" is not harmful or poisonous, but aids nature in throwing off those poisons within the body which cause so much suffering, pain and misery.

If you want quick relief buy it now—or send Dr. Pierce 10c for trial pkg., or \$1.00 for full treatment. This will prove to you that "Anuric" eliminates uric acid from the system as hot water melts sugar.—Adv.

**UTILITIES BOARD  
WILL NOT MEET  
FOR TWO WEEKS**

Late yesterday the public utilities commission held a brief session in the capitol building. It was the last which can be held until Commissioner Williams returns from the mainland in two weeks. Chairman Charles R. Forbes left today on the Matsonia on his vacation.

To the attorney-general was referred a communication from the Hawaii Telephone Company relative to switching charges made against it by the Kohala Telephone Company.

A report from the Inter-Island Steam Navigation Company about the drowning of a sailor, Pa Kaele, from the line's steamer Wallele, at Kealia, Kauai, last week, was received. A further investigation was ordered. Kaele was caught in the surf while trying to swim ashore from a capsized ship's boat. Three other sailors were saved.

Last night. Actual work was started by the contractors in advance of the formal demand, about two months ago. The action last night is a legal necessity.

"Fire department, materials and supplies" was cut from \$700 a month to \$600 a month, at the request of the fire chief. He explained that the saving in feed and other bills made possible by the purchase of the three automobile fire-engines last fall brought about the reduction of \$100 a month in his bills.

Costs came off last night at the meeting, for the mayor was absent and there was much work to do. Mayor Lane had declined to permit the supervisors to shed their coats Monday night, but last night Supervisor Logan, who presided in his stead, said "anything goes—all rules are suspended," and off they came.

The supervisors visited the Puunui district and viewed it from Pacific Heights with the directors of the Country Club Monday afternoon. Members of the Puunui Improvement Club, who were present during part of the trip, have asked that they look over the site for a mauka outlet to Puunui with them Saturday or Sunday.

The amendments to the purchasing agent ordinance came up Monday and after considerable squabbling over parliamentary practice the second set of amendments was consigned to limbo and the first sent back to committee, with the recommendation that the heads of the city departments be asked to attend the meeting when they are to come up again.

Sore Eyes, Granulated Eyelids, Eyes inflamed by exposure to sun, dust and wind quickly relieved by Murine. No smarting, just easy comfort. A. your Dr. or by mail, 50c per bottle. For Book of the Eye Free, ask Murine Eye Remedy Co., Chicago.

**FIRST FRONTAGE  
TAX LAW BONDS  
ARE AUTHORIZED**

Authorization for the first bond issue under the frontage tax laws was made last night. The city treasurer was instructed by the supervisors to prepare 5% per cent bonds in denominations of \$500 amounting to \$146,000 on the unpaid instalments of the Manoa improvement assessment and issue a call for bids on them.

The call will probably be issued next week and the bids will be opened 30 days after the first day of publication. The bonds are to be sold in blocks of whatever size is necessary to secure the greatest amount of return on them. Bids will be received for one bond or the whole issue, but if less than par will be rejected.

Coast bankers who have shown an interest in the issue will be notified by the mayor of the date of the opening of the bids and other details and it is expected that there will be competition enough from that source to drive the price up well above par.

Norway has sold Great Britain its entire fish catch this year.

**Empire**

Program Beginning 1:30 p. m., Until 4 p. m.

Evening (two shows), 6:30 and 8:30

**SPECIAL PROGRAM FOR TODAY**
